

SENIOR PRODUCTION ENGINEER – BAKERSFIELD, CA

Seneca Resources Corporation, the oil & gas exploration and production subsidiary of National Fuel Gas Company (NYSE: NFG), currently has employment opportunities at its West division office in Bakersfield, CA.

The Senior Production Engineer will serve as an integral member of the Operations team involved in many different engineering aspects of Seneca's oil & gas operations including recompletions, workovers, well testing, production enhancement, artificial lift design and optimization and project economics analysis. The successful candidate will have the following responsibilities:

- Regularly review existing individual well production and provide support for the field operations production group in an effort to optimize productivity of the area. Ensure field well tests are timely and accurate.
- Routinely review overall project development, including supplemental recovery projects (thermal and waterflood) and as needed, recommend and implement periodic changes and remedial adjustments.
- Assist with preparation of annual capital budget including production, expense and expenditure forecasts using ARIES. Coordinate with operations and management. Track capital projects. Perform project economic evaluations and post-audits.
- Develop recompletion and workover programs for wells, including AFES, economic analyses, etc.
- Assist with the review of acquisition possibilities as they arise.
- Oversee correspondence and reporting obligations with regulatory agencies (particularly DOGGR).

The optimal candidate will have a bachelor's degree in Petroleum Engineering and 10-12 years of onshore experience. Experience with thermal recovery is preferred. Strong written and oral communication skills, self-motivation and attention to detail are required. The successful candidate must be able to be flexible and work in a team environment.

Candidates responding to this ad must refer to the job title, **Senior Production Engineer**, in their correspondence. For confidential consideration, please mail your resume, cover letter and employment references by October 1, 2010 to:
