

Water Management Foreman (West)– Brookville, PA

Seneca Resources Corporation, the oil & gas exploration and production subsidiary of National Fuel Gas Company (NYSE: NFG), is currently seeking a Water Management Foreman at its East division office in Brookville, PA.

The Water Management Foreman will serve as an integral member of the team with responsibilities including, but not limited to, the following:

- Work with government agencies, 3rd party vendors, independent contractors, and internal staff in coordinating collection and transfer of water used in hydro-fracturing operations
- Manage flowback and production waters
- Obtain and maintain data and documentation for regulatory reporting
- Work closely with direct supervisor and completions staff in ensuring water resources are available when and where needed

This position requires a minimum of 3-5 years of experience in a similar field, a high school diploma or equivalent and knowledge and experience working with Microsoft Office applications. The successful candidate must have good interpersonal and organizational skills, as well as a strong attention to detail. The ability to be flexible, work in a team environment, and comply with all applicable state and federal regulations is required.

Candidates responding to this posting must refer to the job title, Water Management Foreman, or Requisition ID, #10-10PA, in their correspondence. For confidential consideration, please mail your resume, cover letter and employment references by December 1, 2009 to:
